Highly motivated and diligent professional with a proven track record, seeking a challenging opportunity to leverage my skills, expertise, and strategic thinking to drive organizational growth and success.

WORK EXPERIENCE

Purplepatch Technologies

2022 - PRESENT

Software Engineer

- Designed and optimized SQL tables, views, and functions to consolidate data from multiple databases, improving query efficiency
- Developed complex SQL queries for cross-database data integration, enabling seamless reporting and analytics.
- Automated real-time order sync, inventory updates, and product listings across marketplaces
- Resolved SKU mapping discrepancies and inventory mismatches, enhancing warehouse operational accuracy
- Provided technical support and implemented system improvements to streamline workflows, reducing manual effort
- Participated in daily stand-ups with cross-functional teams (IT, Operations, Sales) to track progress and escalate critical blockers.
